

ARBORIST ARBORIST

Work amongst the Trees!

This role is not for the chainsaw slinging, hammer welding fool, or for the faint hearted! Growth opportunities (and that's not just the trees....). These companies offer in house training and ongoing support for the right candidate to cultivate their career.

We are seeking experienced Arborists to join our client's arboriculture crews in permanent and contract positions across all levels. These roles offer great remuneration, safe working conditions, ongoing training, and first class equipment.

If you are from overseas and looking at immigrating - or simply on a working holiday, we may be able to help you....

You must be reliable and show a willingness to learn.

A HT license, class 2 and 4 is preferred, or the motivation and ability to obtain one.

Power line and rail experience is advantageous. The successful applicant must have physical ability to undertake the tasks that come with the job.

This is an opportunity to work with leading Arboriculture Companies, with great teams in the outdoors. Our clients provide services in all aspects of the arboriculture industry. This includes, but is not limited to, tree pruning, transplanting, consultancy, and manually removing trees in confined spaces, by crane or helicopter.

The ability to work safely, communicate effectively, and to assume responsibility are keys to successes in these roles.

If you can go beyond expectations, please contact me urgently.

Call Marama Montgomery phone (04) 3842777 or apply by sending your resume to codega@xtra.co.nz quoting Ref No: 1A/200803NZA
